invitation

On behalf of the Executive Board of the MSc Course "Thrombosis-Haemorrhage - Transfusion Medicine" of the Medical School of the National and Kapodistrian University of Athens, we take the pleasure in inviting you to attend the "Meet the Haemostasis Experts" conference that will be held in Athens on May 19th, 2017.

We feel fortunate that outstanding lecturers in Thrombosis and Haemostasis will share with us the most recent advances in the field of their expertise and also interact with the audience in order to clarify and elucidate controversial and ambiguous approaches that arise in daily practice.

The meeting will be held under the auspices of the Medical School of the National and Kapodistrian University of Athens.

We strongly believe that by joining the meeting, you will enjoy both the scientific aspects of the program and the pleasant weather of the hospitable Athenian spring and we look forward to welcoming you in May.

The Academy Coordinator

A. Travlou
